JUNITEES LEVIED	transactions
Product Type	Excess of Loss (liability/casualty)
Availability	Manually underwritten
Target Market	Risks in need of liability limits higher than 'normal' market standards on primary
Target Market	policies. Can include most trades / risks subject to underwriting processes.
Non Torget	Not suitable as primary insurer product. Also, unlikely to be suitable for risks
Non-Target Market	
(Unsuitable	where capacity of the Excess of Loss product also insures the primary layer with no ventilation between layers present.
(Onsultable Markets)	ventilation between layers present.
ivial kets)	Non-contracting based risks
Why Is This	Non-contracting based risks. It affords cover for those risks that need higher liability limits than primary insurers
Product Suitable	are willing to give.
-	No
Are There Any	NO
Optional Covers Distribution	Whelesels are duct distribution through incurrence intermedianics. Desition is that
Methods	Wholesale product distribution through insurance intermediaries. Position is that
methods	excess liability covers need a level of expertise to ensure attaching wording
	matches with primary wording as required and to reduce gaps in the covers.
	SSR do not permit placing brokers to deal with other intermediaries and create a
	chain below SSR, the expectation is that if such agreements are in place these are
	disclosed to SSR.
Is This Product	SSR are confident the product(s) are providing fair value as appropriate methods
Providing Fair	are in place to ensure the correct limits are offered and on the right risk where the
Value	wordings between primary and Excess of Loss will provide the right covers.
Risk To Fair Value	Attaching at the wrong limit or not highlighting specific exclusions present on the
Mitigation	Excess Layer which is not present on the primary. Attaching to unrated primary
Witigation	insurers / insurers that have not suitably assessed the risk at primary attachment
	stage.
Other Information	All relevant product wordings, policy summaries and notice of change
To Consider	documentation can be found on SSR's website.
i o consider	
	AXA-XL produce their own versions of Target Market and Fair Value Statements /
	PROD reviews which would take precedence over this document.
	The Previews which would take precedence over this document.
